

## carmichaelcentre Training & Consultancy

The Carmichael Centre Training and Consultancy service aims to build stronger charitable, community and voluntary organisations nationwide through the provision of practical training and consultancy in the following key areas:

- Governance and Leadership
- Planning
- Managing People
- Communications and Promotions
- Managing Money and Resources

Training is delivered nationwide and developed by experts in their fields with many years' experience in the Not for Profit sector. They deliver scheduled and bespoke training that helps you to run your organisation in the most successful manner for your end users. Check out our courses, seminars and e-learning on our scheduled [Training Programme](#). We also provide a whole range of free resources on [KnowledgeNET](#). We can provide [Customised Training](#) and our [Governance Code Support Service](#) on request.
